

# THE KELOWNA COURIER

## AND OKANAGAN ORCHARDIST

VOLUME 23.

Kelowna, British Columbia, Thursday, July 14th, 1927

NUMBER 48

### WEEDS MUST BE CLEARED OFF THIS WEEK

Occupants Who Neglect To Comply  
With Final Warning Will Receive  
Police Court Summons

All the members of the City Council were in attendance at the regular meeting on Monday night, with the exception of Ald. Morrison.

#### Regulation Of Car Parking

A letter was received from Mr. A. Fraser, Secretary of the Kelowna Retail Merchants' Association, intimating that at a recent meeting of that body a resolution was passed requesting that the curb of the pavement in the business section of the city be marked for parking, so as to provide the maximum amount of accommodation for cars on Saturdays and other occasions when there are large numbers of cars on the streets.

Ald. Shier stated that lines were marked on the pavement at Kamloops so as to indicate the proper angle at which cars should be parked against the curb, and the result was a great saving of space, as the cars all parked at the same angle instead of at various angles.

It was doubted by some of the aldermen whether such marks could be made to last for any length of time, as paint would be about the only substance that could be used, but the matter was referred to the Board of Works for investigation and report.

#### Release From Mercantile Bond

Mr. Geoffrey H. Matthews forwarded a request for release from the remaining three and a half months of his bond for \$500, to insure his remaining in business for six months. He gave as his reason that a throat disability acquired during the war was being aggravated by his present line of business as dealer in Watkins' products, causing a somewhat painful condition of that organ as well as complete loss of voice.

The City Clerk vouched for the fact that when Mr. Matthews came to the City Office to enquire about the procedure to be followed in connection with his application for release from his bond he was unable to speak and had to put his questions in writing. Dr. Campbell had also confirmed Mr. Matthews' statements as to his condition.

In view of the circumstances, it was decided to release Mr. Matthews from the remaining period of his bond.

#### Sale Of City Property

An application to purchase Lot 56, R.P. 1037, at \$100, having been received from Mr. H. L. Bubb, by-law No. 460 in that regard was introduced and was given three readings.

#### Final Passage Of By-Laws

Three By-Laws were given reconsideration and final passage without amendment, being No. 457, amending the Trade License By-Law, No. 458, the new Dog License Regulation By-Law, and No. 459, amending the Building Regulation By-Law.

#### Report Of Tourist Agent

Reports submitted from Mr. W. Crawford, Tourist Agent, for the period from June 27th to July 7th, showed a total of \$40.25 collected in fees at the Tourist Camp.

#### Municipal Share Of Motor Car Licenses

Mayor Sutherland expressed dissatisfaction with the basis of distribution of the municipal share of motor car license receipts, pointing out that, according to a statement recently published, Kelowna's share would be \$2,861.94, as compared with \$4,850 for Vernon and \$3,182.50 for Revelstoke. Up to the end of June ninety-three more car licenses had been issued at Kelowna than at Vernon, and it was generally known that there were comparatively few cars at Revelstoke. Instead of having some relation to the number of licenses issued, distribution was made on the basis of the 1921 census, and this was not at all satisfactory.

There was general agreement that the 1921 census figures did not furnish a fair basis of distribution, and Ald. Rattenbury suggested that a local census might be taken again this fall, as had been carried out with much care and satisfactory results last year by the High School students under Mr. A. S. Towell, and the figures brought to the attention of the Minister of Finance, but no definite course of action was decided upon.

#### Troublesome Manhole On Mill Avenue

Ald. Shier stated that Capt. Hayman had brought to his attention the fact that the manhole on Mill Avenue was so high above the street level that cars got a decided bump on passing over it, and he suggested that the roadway around it be built up by dumping shale round the manhole.

The matter will receive attention from the Board of Works.

#### Blue Papers For Owners Of Weedy Lots

Ald. Shier also drew attention to the need of immediate destruction of noxious weeds, some of which, in spite of the warning advertised by the Council, had already gone to seed.

Ald. Knowles stated that the Chief of Police had been going round for several days, warning the occupants of property who had not cut the weeds thereon that they must do so at once.

The Mayor announced that police court summonses would be issued next week to all who had failed to comply with the repeated warnings given to cut weeds.

#### More Oil For Streets

Superintendent Blakeborough reported

### NEW GARAGE BUILDING NOW OPEN FOR BUSINESS

A. J. Smith Garage Co., Ltd., Occupies  
Commodious Premises

While there is no building boom, this city is gradually securing structures of a substantial nature, and the appearance of the business section is thus being improved. An example, which illustrates this steady growth, is the new building recently completed by the A. J. Smith Garage Co., Ltd., at the south-east corner of Bernard Avenue and Ellis Street.

This new garage, which occupies a space of 60 feet by 120 feet, is a one-story brick structure with a full cement floor. Work on it was commenced eight weeks ago and it was ready for occupancy on Monday. It was built by contract, the contractors being: brick and cement work, Mr. George Ward; carpenter work, Mr. J. Harris; painting and inside office decoration, Mr. A. P. Treadgold; plumbing, Mr. J. Galbraith; electrical equipment, Mr. C. W. Cope.

The frontage on Bernard Avenue has been utilized by construction of a covered driveway, equipped with a gas filling station, a large parts room, office and show room, also wash rooms for both sexes, all of which have been well provided with all necessities for motorists.

The work shop at the rear has two entrances and is 60 feet by 80 feet. It is fully equipped with up-to-date electric machinery necessary for repair work, also a large new air compressor and car washing machine and automatic safety tire service. It is the intention of the management to add an up-to-date heating system before the cold weather sets in.

The garage, which is now open for business, has cost \$20,000, and its equipment an additional \$3,000. Its erection has greatly improved the appearance of that portion of Bernard Avenue.

### BIRD ENEMIES MOLEST DUCK BREEDING PLACE

Crows And Magpies Prey Upon  
Young Broods At Munson's Slough

In a letter to Mr. F. W. Groves, President of the Kelowna Fish and Game Protective Association, Major Allan Brooks, who is a member of the B.C. Game Conservation Board, states that during a recent visit to this district he was greatly surprised at the numbers and different species of ducks nesting at Munson's Slough and at the enormous amount of damage being done amongst them by crows and magpies.

The ducks included Gadwall, Pintail, Gimmall, Bluewing and Greenwing Teal, Canvasback, Redhead, Barrow's Goldeneye and Ruddy ducks, also two species of Grebes, one of these the Eared Grebe, constituting the only breeding colony of that species (12 pairs) which he knew of in this province.

Major Brooks also mentions that he only noticed two broods of ducks, one of them about a month old, and that it was quite safe to assert that ninety per cent of the increase of that "fine waterfowl preserve" (Munson's Slough) was going down the throats of crows and magpies. Even the blackbirds in the neighbourhood had been robbed of their eggs and young, and only the mudhens (Coots) seemed to be able to defend their nests. The writer hoped that immediate steps would be taken to save the broods of late-nesting ducks there.

### CANADIANS WIN HIGH HONOURS AT BISLEY

BISLEY CAMP, Eng., July 14.—Company Sergeant-Major W. A. Hawkins, of Toronto, won the Prince of Wales prize today in competition with hundreds of marksmen from all over the Empire. His score of 99 out of a possible 100 was the highest recorded in the shoot, which was with service rifles at 300 and 600 yards. He won the King's Prize in 1913.

The Canadian team today won the McKinnon Cup.

### UNARMED CONSTABLE ARRESTS MURDER SUSPECT

MURRAYVILLE, July 14.—That Chief Constable R. Macklin was unarmed when he effected the arrest on Tuesday of Kenneth R. Bailey, alias George Kennedy, the Trail murder suspect who was armed, is revealed in an official account of the arrest. After having searched for some time on Tuesday, Chief Macklin had decided to postpone further search for the time being, and, while driving along the road with W. Winchester, school janitor, whom he had taken along with him to identify Bailey, they suddenly came upon the man wanted. Unarmed, Chief Macklin cast about in his mind for some ruse by which he could take the man without any trouble. Stopping the car he had Winchester invite the man into the car for a lift. "Do you know me?" the officer asked, after the man had said his name was Bailey. "Yes, you are Chief Macklin." "I have been looking for you," said the constable, apparently not noticing the man sitting in his seat. "Your father left some important letters for me to deliver to you." The man then relaxed and later the Chief got him to his office and seized him.

ed that another car of oil had arrived, and the work of applying it to the streets would commence on Tuesday. The Council adjourned until Monday, July 25th.

### DOUKHOBORS COMPLY WITH MARKETING ACT

After Hearing Chairman Of Committee  
Of Direction, Licences Are  
Taken Out

Between the 1st and the 6th the Chairman of the Interior Tree Fruit and Vegetable Committee of Direction visited Nelson, Brilliant, Trail and Grand Forks.

A lengthy conference was held with growers and shippers in Nelson and the relationship of the Committee to the fruit industry was very thoroughly discussed. The conference was attended by Mr. J. P. Shukin, Vice-President of the Christian Community of Universal Brotherhood, Ltd., which is operating extensively at Shlegel Acres, Brilliant, Trail and Grand Forks. Under his guidance, the Chairman visited these communities and met with the Directors at Brilliant and Grand Forks, explaining how the Produce Marketing Act affected their operations. They have accordingly become licence-holders.

At Grand Forks, also, some of the local growers and shippers were interviewed, and on the evening of the 5th a gathering to the number of about fifty was held in the Community Hall at which Mr. D. McPherson, M.L.A., was present. A very thorough discussion of the Act and its relationship to Grand Forks was had.

Grand Forks suffers to some extent in its freight rates as compared with shipments from points in the Okanagan Valley, and the Committee was asked, through the Chairman, to take this matter into consideration in setting prices for the Grand Forks district. There is a large variety of apples grown there, some of them of the less desirable kinds.

### Wet Weather Damages Cherries

The cherry situation is one that has required intensive study recently. The rains, which have fallen at most inopportune times, have seriously damaged the ripening Bing cherries and, in consequence, the Dominion Fruit Inspectors have permitted the shipping of "ungraded" Bings in lugs first to British Columbia points only, later to the Prairies. This damage is particularly unfortunate at a time when the shortness of the cherry crop makes it desirable to obtain for the best varieties all that they are worth. The Committee can deal satisfactorily only with standard grades and pack with where new and uncertain values come into the situation. It cannot set prices. Therefore, the ungraded Bings are being sold at open prices. The Committee has announced that, when prices are set or changes made therein, licence-holders may have advice sent by telegraph, "collect," if they so desire.

Licence-holders now number 150, indicating the widespread support given to the provisions of the British Columbia Produce Marketing Act.

### INTERIOR TREE FRUIT AND VEGETABLE COMMITTEE OF DIRECTION.

Kelowna, B. C., July 12th, 1927.

### REVELATIONS AT INQUEST ON FIRE VICTIMS

VANCOUVER, July 14.—Revelations, more or less startling, succeeded one another in rapid succession at the coroner's inquest yesterday into the deaths of eight victims of the Royal Alexandra apartment block fire.

The cause of death in most of the cases was burns, with asphyxiation as a contributing cause.

Some thrilling escapes were made, one man crossing a light-curtain hand over hand on a rope.

Two front fire escapes on the building were reached through windows fastened by a stout chain, in some cases only thirteen inches long and in others twice as long.

The foreman of the jury, J. D. Croly, a civil engineer, challenged G. E. Lightheart, owner of the Alexandra block, when the latter stated that the apartment house was of mill construction. The foreman, on the other hand, declared it to be of frame construction.

### GOOD RELATIONS AT NAVAL CONFERENCE NOT IMPAIRED

GENEVA, July 14.—Rt. Hon. W. C. Bridgman, First Lord of the Admiralty and head of the British delegation to the tripartite naval conference, speaking at today's plenary session, declared that nothing had occurred at the conference to imperil the good relations existing between the nations represented.

There are indications that all three delegations, while preparing their set speeches summing up the situation, which remains critical, with some presentation of their views on outstanding points, also are prepared to defend their respective positions in case of attack.

Among some observers a short adjournment of the conference is looked upon as a possible outcome of today's meeting, but this, of course, is purely speculative.

### HEAVY BAIL FOR VANCOUVER DOCTOR

VANCOUVER, July 14.—Bail of \$20,000 was set last night by Mr. Justice Morrison in the case of Dr. John Gladwin, 818 Hornby Street, who was arrested yesterday afternoon on a warrant charging him with the murder of Kathleen Lila Black, daughter of Mr. and Mrs. David Black, 1710 Cotton Drive, by performance of an illegal operation.

### MEETING OF CABINET IS IMPORTANT

Premier Oliver And His Ministers In  
Consultation Today As To Future  
Course

VICTORIA, July 14.—In the secrecy of executive council, Premier Oliver this morning met his colleagues of the cabinet to discuss his future course and that of the Liberal party in the province. All the Ministers were present with the exception of Attorney-General Manson, who, prior to receipt of the call issued by his leader, had arranged for a series of public meetings in his riding, Omineca, where he will remain for the balance of the week to meet his constituents. He may be present, however, for an important Liberal caucus to be held on Monday.

Hon. W. H. Sutherland hurried back from the Central Interior, arriving on the morning boat today from Vancouver.

An air of hushed expectancy pervaded the legislative buildings. The Premier, so far as can be learned, alone knows what his message will be to his ministers.

### TORONTO RANGER GIRL GUIDES VISIT KELOWNA

Party Of Twenty Girls Spends Four  
Days In City Park

The party of Ranger Girl Guides belonging to the 62nd Company, Toronto, who were camping in the City Park, left yesterday morning by the s.s. "Seacom" for the Coast, travelling direct to Victoria.

These twenty Rangers (Senior Girl Guides) are a group of Guides who, by dint of holding entertainments and doing special work, not only saved the sum of \$250 with which they purchased kitchen equipment, but also managed to raise a fund which gave each member of the party \$200 for the expenses of the trip which they are making. The business men of Toronto (where there are no less than eighty-seven Girl Guide Companies) made generous donations, so they have been enabled to rent tents from the Department of Militia as well as purchase all things necessary for a pleasant outing.

Mrs. V. Ratcliffe, who is in charge of the party, is the only red cord Guide in the Dominion and her experience has been put to good use in planning the trip through Western Canada which the Rangers are now making and which has been under consideration since 1923.

When travelling by rail, the girls have kept together as a party, a special tourist car having been placed at their disposal by the Canadian Pacific Railway.

With short stops at Winnipeg, Nelson and a few other points, they travelled to Penticton, where they stayed from July 5th to July 8th. On Saturday morning they arrived here and were met by the local Guides at the C.P.R. wharf. They made camp in the Dominion and her experience has been put to good use in planning the trip through Western Canada which the Rangers are now making and which has been under consideration since 1923.

On Sunday they paraded in the morning to the United Church, and in the afternoon met the Patrol Leaders and Scouts of the Kelowna and the Brown Cubs of the Kelowna, both of the 1st Kelowna, got into the finals. The Black Cubs eventually won in a very even race. In the Leapfrog Race, the Brown Cubs and the White Cubs, of the 1st Kelowna reached the finals, the event being won by the White Cubs.

In the Ball over Staff contest the finalists were the East Kelowna team and the Black Cubs, the latter winning, which was a complicated kind. Some involved jumping, leapingfrogging and sliding, also intricate evolutions of various kinds. The competitions were between the various Sixes of the Kelowna Troop and the country Troops and were keenly contested, in fact many of them, to people in the galleries, appeared to end in dead heats. In the Rhythmic Dance, the Brown Cubs and the Black Cubs, both of the 1st Kelowna, got into the finals. The Black Cubs eventually won in a very even race. In the Leapfrog Race, the Brown Cubs and the White Cubs, of the 1st Kelowna reached the finals, the event being won by the White Cubs.

### ANNUAL DISPLAY GIVEN BY LOCAL CUBS

Long And Interesting Programme  
Shows Marked Development Of  
Boys' Musical Ability

On Friday and Saturday all those who are fond of boys and interested in the Scout movement were afforded a treat of taking in the two Displays given by the Wolf Cubs of the City and district, at which some eighty healthy boys showed what training had done for them.

As in former years, the attendance at the Scout Hall on both evenings was not quite what might have been expected, considering the good that is being accomplished by the maintenance of the various Cub Packs, but parents and friends were present in sufficient numbers to make it possible for the boys to enjoy their summer outing this year as in the past.

Though the Display did not include many novel items, it was thoroughly enjoyed by the spectators, and one feature of it created very favourable comment, the musical portion of the programme being far and away better than ever before. It was quite evident that the Cubs are profiting greatly by the training given them by their Cubmaster, Rev. C. E. Davis, and that all who have any musical talent are taking a pride in developing it.

The programme commenced by the Cub Orchestra, accompanied by Mrs. F. J. Flinders, playing the march "Little Patriot" (Krogmann) and playing it well. This orchestra, consisting of ex-Cubs F. Pharey and H. Aitken and Cub M. Stirling and W. Watt, made suitable selections through the evening, all of which were very well received by the audience.

Next came the singing of "O Canada" and the ceremony of saluting the flag, followed by the Grand Howl, after which various physical exercises were carried out. These included marching and physical "jerks" which develop the lungs and were so smartly carried out as to win much applause. When they were over the "Maze Game" was played, something which most of the spectators had not seen before. It is a good game for boys and girls and involves quick attention to orders to ensure it being played properly.

After two Cubs, D. Martin and L. Baldock, had rendered violin duets, "Annie Laurie" and "Home Sweet Home," very creditably the Junior Cubs of the 1st Kelowna Pack gave the "Jungle Dance" and the "Pyramid" and this dance, which gave them a chance of changing from being a long serpent to monkeys which pranced and cut capers, just suited the youngsters taking part in the performance.

The Cub Orchestra next played a very pretty piece, "The Primrose Dance," after which a series of relay races were put on. These relay races caused lots of laughter and excitement as they were not simple running races but of a complicated kind. Some involved jumping, leapingfrogging and sliding, also intricate evolutions of various kinds. The competitions were between the various Sixes of the Kelowna Troop and the country Troops and were keenly contested, in fact many of them, to people in the galleries, appeared to end in dead heats. In the Rhythmic Dance, the Brown Cubs and the Black Cubs, both of the 1st Kelowna, got into the finals. The Black Cubs eventually won in a very even race. In the Leapfrog Race, the Brown Cubs and the White Cubs, of the 1st Kelowna reached the finals, the event being won by the White Cubs.

In the Rhythmic Dance, the Brown Cubs and the Black Cubs, both of the 1st Kelowna, got into the finals. The Black Cubs eventually won in a very even race. In the Leapfrog Race, the Brown Cubs and the White Cubs, of the 1st Kelowna reached the finals, the event being won by the White Cubs.

In the Ball over Staff contest the finalists were the East Kelowna team and the Black Cubs, the latter winning, which was a complicated kind. Some involved jumping, leapingfrogging and sliding, also intricate evolutions of various kinds. The competitions were between the various Sixes of the Kelowna Troop and the country Troops and were keenly contested, in fact many of them, to people in the galleries, appeared to end in dead heats. "The yellow can with the black band"

This year's apple production for the Kootenay-Boundary district is estimated by the Provincial Department of Agriculture to be 400,000 boxes, a slight decrease on the 1926 figure.

This being the peak of the Kootenay strawberry season, the McDonald Jam Factory at Nelson is working overtime and making over fifteen tons of jam daily.

## BOY SCOUT COLUMN

1st Kelowna Troop

Edited by "Pioneer."

July 12th, 1927.  
Our sixteenth annual Troop camp and the twelfth at Cedar Creek came to an end on Saturday last to the regret of us all, and we feel sure that the happy memories of our twelve days under canvas will linger long with all those of us who were fortunate enough to be there. And the hike! What an outstanding success it was! True, we suppose that not many of us have before had to "mush" along in the wet for so long, but the experience of being caught in that emergency and being shown the right way to deal with it by Mr. Cameron was well worth the temporary discomfort of being thoroughly soaked. We shall give a little more detailed account of the hike later but cannot allow this Column to pass without recording our very great thanks to Mr. Alister Cameron for his yearly repeated kindness in taking us on these hikes to spots we would probably never otherwise reach in all our born days, and what fun it is being able to go together in such goodly numbers! There were twenty-six of us this time, of which we have the proof in a very fine collection of photographs which the Scoutmaster will be pleased to show any time to any interested party. We must thank Mrs. Cameron, too, for the annual treat of the pork and beans, a very staple and substantial part of the food taken on the hike. And if we get away with a lot of food in camp, you should see what we can do on the hike!

As to the competitions in Camp, the Wolves and Eagles are to be congratulated upon winning the most points for the daily tent inspection, which is a contest between "Lights Out" and "Reveille." Second Harry Weatherill was the Acting Leader of this tent, with Scout Maurice Meikle as Acting Second, and the other occupants were Scouts Harold Pettman and Douglas Wilmut of the Wolves and Scouts Dick Matthews and Dyke Reed of the Eagles. P. L. Lucas of the Wolves was in Camp over the week-end and on the hike. P. L. Harry Campbell of the Wolves was Acting Assistant Scoutmaster for the camp and carried out his duties in a thoroughly satisfactory manner. We were also glad to have on the hike ex-P. L. Lloyd Williams. The Wolves and Eagles obtained 197 1/2 points for tent inspection and were followed by the Otters with 183, the Beavers with 174 and the Owls with 171.

The Beavers and Owls won the prize for the best and most originally decorated grounds and the Lynx for the best camp museum. The Eagles won the camp sports with 58.2 points and were followed by the Otters with 24 points, the Lynx with 23, the Foxes with 19, the Beavers with 12, the Wolves with 9.8, the Cougars with 9 and the Owls with 5.

We deeply appreciate the valued assistance given us by so many of our friends either for car trips, materials loaned or donations to the commissariat; amongst whom we might mention here: Mr. Grote Stirling and Mr. Ball, for car trips and freezers of ice cream; Mr. Leonard Gades, for car trip; Mr. Windor, for car trip and loan of equipment; Mr. Andrew Fraser, for rhubarb; Mr. Dick Parkinson, for car trips; Mr. Matthews, for a freezer of ice cream; Mr. Geo. McKenzie, for car trip and a box of chocolate bars; Mr. Poole, for car trips; Mr. Cole, for loan of equipment and canned fruit; Mrs. Wilmut, for canned goods; Mr. Weatherill and Major Reed for cases of cherries and an unknown friend for a big bunch of oranges. All this assistance so kindly given is one of the greatest enjoyments in holding the camp.

Sam, as camp cook, more securely than ever entrenched himself in the esteem of us all and to him in very great measure indeed can be credited the fact that the camp was such an enjoyable event and a beneficial one. To Scoutmaster Motley, who took hold of the reins while we were away on the hike, we also wish to express our very deep gratitude, and to Cubmaster, Rev. C. E. Davis, who at very great inconvenience to himself conducted our Sunday Camp Service and gave us such an inspirational address.

Scout Donald Poole, by the vote of his brother Scouts in camp, wins the high honour of being the camp "Best Scout" and to him we express our very sincere congratulations.

Our congratulations, too, to the Old Scouts Club on winning second prize for their float in the Confederation Day parade.

### SCOUT NOTES

The Okanagan Mission "Seal" Patrol and the East Kelowna "Coyotes" left Kelowna by ferry on Monday with their Scoutmaster, Rev. C. E. Davis, for a week's camp at Trepanier Creek, near Peachland. The party consisted of the Scoutmaster, Cook Instructor S. M. de Lescourenat and fourteen Scouts. The Patrols are led by Patrol Leader B. Farris (Seals) and Patrol Leader N. Pooley (Coyotes).

The camp will be run on the patrol system, each Patrol doing its own cooking and competing for the silver cup to be held for twelve months by the winning Patrol.

Visitor's day, Thursday July 14th, beginning at 3.00 p.m.

### BROWNIE NOTES

The Brownies are invited to the Girl Guide Camp at Cedar Creek next Monday, July 18th. The truck will leave the Scout Hall at 9 p.m.

Great excitement was caused at Penitence last week by the escape of a Junco who was being taken to Essendale from Rossland and who succeeded in evading his escort when the Kettle Valley train reached South Penitence. He managed to hide near the town for several hours before he was captured.

## THE PRAIRIE FRUIT MARKET BULLETIN

Current Prices And Market Conditions  
(From the weekly Bulletin issued by J. A. Grant, Fruit Markets Commissioner, Calgary).

Calgary, July 9, 1927.

### The Week In Calgary

Summer weather seems to have arrived here at last, as today and yesterday have been fine and warm. The three holidays, together with dull weather, rather slowed up the fruit trade. L.C.L. shipments of strawberries are dwindling fast and raspberries and sweet cherries are taking their place.

To date a total of 74 cars of B.C. strawberries have been received in the prairie markets; 47 from Vancouver Island; 14, Haney; 12, Creston, and 1 Salmon Arm. Delivery of strawberries for the past week, with exception of one Haney car, have showed wet and mouldy berries.

American Bing's are retailing here at 50 cents per lb. This high price curtails consumption.

Armstrong celery has commenced to arrive on the market in L.C.L. shipments and is selling at 10 to 12 cents per lb. wholesale.

B.C. quotations on new potatoes are very unsettled, resulting in local wholesalers doing very cautious buying and prices dropping, with no apparent justification, in the face of a good demand. We are advised that a Chinaman from New Westminster, B.C., is quoting potatoes to jobbers here at \$32.00. These quotations are upsetting the whole deal. Seattle telegram indicates that prices have gone up \$5.00 per ton this week, from \$55.00 to \$60.00.

Imported—1 onions, 8 oranges, 2 lemons, 2 apricots, 2 watermelons, 1 bananas and lemons, 1 cantaloupes, 3 bananas, 1 plums and peaches.

### Edmonton

Business generally has been normal with the exception of strawberries, of which quite large supplies have been coming in in L.C.L. shipments. On top of this a full car arrived last Sunday night which, upon being opened, were found to be much over-ripe and had to be put upon the market in a hurry, which greatly depressed the market. The berries in this car bore an inspection stamp of June 29th and it is quite possible that some may have been picked the day previous, which leaves nearly a week, the car being opened on the 4th of July. Another car is due to arrive tonight.

(Continued on page 3.)

## 1ST RUTLAND TROOP

"Do A Good Turn Daily"

A Court of Honour will be held shortly to decide the night of meeting for the Troop during the summer weeks.

Duty Patrol for week ending July 23rd, Seals.

Our Summer Camp is now at an end and the boys are home again after an enjoyable week under canvas on the west side of Okanagan Lake, near Bear Creek. The total strength of the camp was 23 Scouts and three leaders, made up as follows: Rutland, 10 Scouts and one leader; Benvoulin, 10 Scouts and two leaders; and also three Winfield Scouts. Over the week-end, July 9th-11th, the Troop was augmented by the arrival of three Scouts, a Rover and one leader from Rutland. Only two members of the Rutland Troop failed to attend at least part time, which is a very creditably small percentage.

A was agreed at a combined Court of Honour held in June, the two troops were organized as one in camp, the Rutland Scoutmaster as S.M. in charge, and Scoutmaster R. O. Hall, of Benvoulin, carrying out the duties of A.S.M. The arduous post of Quartermaster was filled by A.S.M. Wilbur Reid of the Benvoulin Troop.

Four Patrols were organized, each having their own patrol camp site, camp kitchen and eating table. They were: the Wolves, P.L. James Flintoft (all Benvoulin Scouts); the Kangaroos, P.L. James Claxton (all Rutland Scouts); the Owls, P.L. Arthur Peterman (four Benvoulin and two Winfield Scouts); and the Seals, A.P.L. Ernest Muggford (five Rutland Scouts and one Winfield Scout).

Cooking was done by the boys themselves, P.L.'s and Scouts alternately taking charge of this important item.

A sample of the menu is here given: Tuesday, July 5th: breakfast: rolled oats, bacon and eggs, coffee. Dinner: Irish stew, boiled vegetables, cake and tea. Supper: pancakes, fruit and tea. Bread, butter and jam were served at all meals. While nothing more ambitious than bannock, rice pudding and on one occasion macaroni and cheese, was attempted, the boys undoubtedly gained a good deal of knowledge of the art of camp cooking, are better able to look after themselves, and will have a deeper appreciation, unless we are much mistaken, of the task of "mother" in catering to the household at home three times a day the whole year round!

Neither time nor space allow for a detailed account of the camp activities this week, but next week a description of the camp in diary form will be given, if space permits. The daily time table was as follows:

Morning:—Reveille, 6.30; rationing, 6.35; morning dip, 6.45; flag raising, 7.15; breakfast, 7.45; camp inspection, 8.45; Scout work, 9 to 10.45; rationing, 10.45; bathing, 11; dinner, 12.30.

Afternoon:—quiet hour, 1 to 2; afternoon parade, 2.15; rationing, 3.45; bathing, 4; supper, 5.30; flag lowering, 6.30; free period, 6.45 to 8.45; camp fire, 8.45; lights out, 10.

A Patrol competition was run during camp and produced keen rivalry. Points were awarded as follows:

	Max. Pts.
Daily Camp Inspection	21
Promptness in serving meals	12
Best patrol contribution to camp fire programme	8
Cleanliness and neatness at flag lowering inspection	10
Scout tests passed	10
Proficiency badges gained	25
Winning the "flag" for the day	10
Camp gadgets, each	3

Points were deducted for untidiness, dirty pots and pans, uncovered axes, tardiness, etc. Final figures are not available as this is being written, but the result will be between the Kangaroos and Wolves, only 3 points separating these two patrols on Sunday evening.

Acknowledgement should be made of the kindness and hospitality of Father Carlyle, upon whose property we were encamped, of the invaluable assistance rendered by S.M. Hall of Benvoulin, and of the assistance in transportation provided by Messrs T. M. Anderson, T. G. Chambers and J. Wallace.

A. W. GRAY, Scoutmaster.

a reservoir

LIKE the camel which stores up large quantities of water when it can, because the opportunity may not occur soon again, it is wise for mankind to store up some provision for the future during productive earning years.

The safest and easiest way to do this is to purchase a Confederation Life policy—a Guaranteed Pension Bond, for instance. Then you have a reservoir that no future hazard of fortune can empty.

An interesting pamphlet, "The Key to Happiness," will be sent upon request.

## Why Firestone Tires Are Better

One of the outstanding developments by Firestone Engineers is the Gum-Dipping process which impregnates and insulates every fibre of every cord with rubber—adding strength to the cords and reducing internal friction and heat so destructive to tire life.

The Firestone Dealer in your locality will gladly explain to you the extra value of Gum-Dipping. He is prepared to demonstrate how the cords of the carcass are saturated in a rubber which makes motoring more economical with added comfort and safety.

## IN THE SUPREME COURT OF BRITISH COLUMBIA

IN THE MATTER OF THE "COMPANIES ACT" AND AMENDING ACTS AND IN THE MATTER OF THE KELOWNA SPORTS ASSOCIATION LIMITED.

NOTICE IS HEREBY GIVEN to the Registrar of Companies, Victoria, B.C., and to all others whom it may concern, that, upon a date to be fixed following the publication hereof, an application will be made to this Honourable Court at Victoria, B.C., for an order to restore The Kelowna Sports Association Limited to the Register in pursuance of Section 168 of the "Companies Act" and Amending Acts. And further that in support of the said application will be read the Affidavit of Ernest Henry Montague Foot sworn herein the 28th day of June, 1927, and duly dated at Victoria, B.C., this 28th day of June, 1927.

**Saskatoon**  
Right up to Thursday of last week the trade were able to keep cleaned up at good prices on all the cars of strawberries we could get and not any were carried over the holidays. Since then, however, we have had rainy weather. It rained on Monday and all day Tuesday, which has been very bad for the sale of strawberries. Also cars arrived of ripe and mouldy and had to be sold below regular prices to get them into consumption in the city as they were not fit for local shipment to the country. So much rain may be good for the crops here but it certainly hurts the sale of berries. We have used the local papers again for advertising that this is the kind of weather for housewives to put down their preserving berries. This market has consumed more strawberries than ever before and is due to the efforts of all the jobbers who worked together pooling every car on a percentage basis and maintaining prices. The Canadian Fruit Distributors have handled all the strawberries to date and negotiated the deal with the jobbers. There have been very few local to disturb the market.

**Regina**  
Business has settled back to normal since the holidays. A very heavy rain, which covered the greater part of Saskatchewan, fell all day Tuesday. B.C. strawberries continue to arrive; the last car from Sanich was not in very good condition and some had to be jobbed. A car arrived today from Wynndel, with opening at Moose Jaw, which arrived in splendid condition. Wet weather has interfered with the distribution, resulting in the market here being top heavy today. On the whole, as far as the berry deal has been pretty much of a success. Great credit is due to jobbing houses and their staff, who worked overtime in order to put the deal over successfully.

A car of Washington raspberries arrived today, it opened up in splendid condition. Ontario gooseberries in 6-quart baskets are on the market, but as in former years, gooseberries are very slow sellers on the prairies. Mixed cars containing plums, peaches, pears and apricots are arriving from California. A straight of Arkansas cucumbers, put up in bushel baskets, arrived today. The first car of B.C. raspberries is due this week.

Ont. Gooseberries, 6-qt. bskt., \$1.75	1.75
B.C. Potatoes, Netteed Gem B, cwt., 2.00	2.00
B.C. Strawberries, 24 pints, 3.75	3.75
B.C. Gooseberries, 24 pints, 3.00	3.00
B.C. Gooseberries, 4-bkt. crates, 2.75	2.75
B.C. Cauliflower, crate, 2 doz., 5.50	5.50
B.C. Cucumbers, Hothouse, doz., \$3.00 to 3.25	3.25
B.C. Head Lettuce, crate, 4 doz., 7.00	7.00
B.C. Tomatoes, Hothouse, 4-bkt. crate, 5.25	5.25
Imp. Plums, assorted, 4-bkt., No. 1, 3.50	3.50
Imp. Peaches, Triumph, No. 1, 2.75	2.75
Imp. Apricots, Royal, No. 1, 3.00	3.00
Imp. Apples, Winesap, 3.25	3.25
Imp. Celery, lb., .16	.16
Imp. Cabbage, lb., .10	.10
Imp. Onions, Egyptian, standard, cwt., 6.50	6.50

Car arrivals, June 30th to July 6th—From B.C.: 2 strawberries, 1 each vegetables, potatoes, Imported: 2 oranges, 3 tomatoes, 2 each watermelons, bananas, mixed fruit, 1 each apricots, onions, cantaloupes, cucumbers, vegetables, raspberries, lemons.

**Winnipeg**  
Business on the Winnipeg market during the past week has been normal, but, of course, on account of the holiday the turnover has not been very large. B.C. strawberries are still arriving in rather indifferent condition, although yesterday a car arrived from Creston which was the best car that has come on this market from B.C. since the first car. Two cars of raspberries have arrived from Washington this week. One on Monday morning was in poor condition but the one this morning was in very fair shape.

**NOTE**—The Market Commissioner visited the Winnipeg market on Saturday and Monday last, and found that some of the jobbers there had again brought in Hood River strawberries on the holiday week and flattened the market for B.C. cars. Part of the losses taken for adjustment on Brandon and other cars were caused by the import-

## NOTICE OF INTENTION TO RESCIND

TO, The Heirs, Devisees, or personal representatives of Arthur James Clarke, Deceased, formerly of Kelowna, British Columbia.  
—AND—  
Mrs. A. J. Clarke,  
R.R. No. 2,  
Kelowna, B.C.  
—AND—  
The Official Administrator,  
Vernon, B.C.

WHEREAS by an Agreement in writing dated the First day of December, 1919, Arthur James Clarke of Kelowna, in the Province of British Columbia, agreed to purchase from the Soldier Settlement Board of Canada, (hereinafter called the Board), and the Board agreed to sell to him, the said Arthur James Clarke, ALL and SINGULAR that certain parcel or tract of land and premises situate, lying and being in the Osoyoos Division of Yale District, in the Province of British Columbia, more particularly known and described as Lot One (1) and Two (2), Plan Four Hundred and Seventy Five (475), at or for the sum of Three Thousand Three Hundred and Seventy-Five Dollars, (\$3,375.00).

AND WHEREAS the Board has been advised that the said Arthur James Clarke died on or about the 7th day of June, 1927, which fact prevented the said Arthur James Clarke from completing his Agreement with the Board.

AND WHEREAS the Soldier Settlement Act, 1919, and regulations provide that in the event of the death of the Settler, who at the time of his death was indebted to the Board with respect to any property or to any advances charged upon the property, the legal representatives of the deceased shall produce Letters of Administration, or failing this, forfeit all right, title and interest in the property concerned.

AND WHEREAS Letters of Administration have not as yet been taken out by you nor been filed with the Board in accordance with the Soldier Settlement Act, 1919.

AND WHEREAS under and by virtue of the amendments passed in the year 1922, to the Soldier Settlement Act, 1919, the amounts due under the above mentioned Agreement in respect of principal as well as interest, together with the indebtedness due on account of advances for stock and equipment and otherwise, were consolidated and made payable in the following instalments, namely:—

(1) instalments of Three Hundred and Eight Dollars and Thirty Cents, (\$308.30), payable on the 1st day of October in each of the years, 1922, 1923, 1924 and 1925, and instalments of Five Hundred and Four Dollars and Ninety Seven Cents, (\$504.97), made payable on the 1st day of October in each of the years 1926 to 1946 both inclusive.

AND WHEREAS in the said Agreement and the above mentioned Act and amendments, it was agreed among other things with the Board that:—

(1) All such rates, taxes and assessments as might be lawfully imposed upon the said land and the improvements thereon would be paid and the receipts delivered to the Board prior to the 31st day of December in each year.

(2) Any amendments which might be made to the Soldier Settlement Act, 1919, would bind the purchaser.

AND WHEREAS you have:—

(1) Failed to pay all rates, taxes and assessments lawfully imposed upon the said land for the years 1926 and 1927.

(2) Failed to make the full payments of Three Hundred and Eight Dollars and Thirty Cents, (\$308.30) which were due to the Board on the First day of October, 1922, 1923, 1924 and 1925, and failed to make the payment of Five Hundred and Four Dollars and Ninety Seven Cents, (\$504.97), that was due to the Board on the First day of October, 1926, in accordance with the amendments to the Soldier Settlement Act, 1922.

DATED at Vernon, in the Province of British Columbia, this 7th day of July, 1927.

THE SOLDIER SETTLEMENT BOARD OF CANADA,  
G. Chalmers Johnston,  
District Superintendent.  
48-1c

ELLIS STREET Phone 354

We can well understand the trial and vexation, The keen disappointment and mortification, When contrary, of course, to all expectation, The Bread turns out to be bad.

To be sure it is never the maker to blame, To even suggest it is really a shame, We know that the yeast is not always the same, Or the trouble may be with the flour.

But with one brand of Flour, used with ordinary care, A failure in baking is something so rare, That to use the word "never" we almost would dare.

The name of that brand is "OUR BEST."

Sole Agents for "Our Best" Flour.

## "BUILD B.C."

The Flavour of Quality

Last September we received a letter from a lady in which she says her first taste of Pacific Milk came while eating a dish of strawberries at the home of a friend. The flavor was so good, she wrote, that she asked for the name of the milk. The flavor of whole milk, carefully preserved, is distinctive.

**"GOAT MANURE" LOW  
IN FERTILIZING VALUE**

Domestic Chemist Pronounces Sample  
Sent Him Practically Worthless

A reply has been received from Dr.  
F. T. Shutt, M.A., D.Sc., F.R.C., Do-  
minion Chemist, Ottawa, in regard to  
a sample of so-called "goat manure" sent  
to him for analysis. This fertilizer,  
which has had some sale in the district,  
is reported by Dr. Shutt to contain  
76.13 per cent of hydrated sulphate of  
lime, better known as gypsum, and 27  
per cent of nitrogen, besides minute  
quantities of other chemical ingredi-  
ents.

Dr. Shutt states that the claims made  
for the fertilizer are not supported by

**THE KELOWNA COURIER  
AND  
Okanagan Orchardist.**

Owned and Edited by  
G. C. ROSE

**SUBSCRIPTION RATES**  
(Strictly in Advance)  
To any address in the British Empire, \$2.50  
per year. To the United States and other  
foreign countries, \$3.00 per year.  
The COURIER does not necessarily endorse  
the sentiments of any contributor's article.  
To ensure acceptance, all manuscripts should be  
legibly written on one side of the paper  
only. Typewritten copy is preferred.  
Letters to the editor will not be accepted for  
publication over a "nom de plume"; the writ-  
er's correct name must be appended.

Contributed matter received after Tuesday night  
will not be published until the following week.

**ADVERTISING RATES**  
Contract advertisers will please note that their  
contract calls for delivery of all changes of  
advertisements to The Courier Office by Thurs-  
day night. This rule is in the mutual inter-  
ests of patrons and publisher, to avoid con-  
gestion on Wednesday and Thursday and  
consequent night work, and to facilitate pub-  
lication of The Courier on time. Changes of  
contract advertisements will be accepted on  
Tuesday as an accommodation to an adver-  
tiser confronted with an emergency, but on  
no account on Wednesday for the following  
day's issue.

Transient and Contract Advertisements—Rates  
quoted on application.  
Legal and Municipal Advertising—First inser-  
tion, 10 cents per line, each subsequent inser-  
tion, 10 cents per line.  
Classified Advertising—Such as For Sale,  
Lost, Found, Wanted, etc., under the heading  
"Want Ads." First insertion, 10 cents per  
line; each additional insertion, 5 cents per  
line; 10 cents per line. Minimum charge  
per week, 30 cents. Count five words to  
line.  
Each initial and group of not more than five  
figures counts as a word.  
If so desired, advertisers may have replies  
addressed to a box number, care of The  
Courier, and forwarded to their private ad-  
dress, or delivered on call at office. For this  
service, add 10 cents to cover postage or  
filing.

**THURSDAY, JULY 14th, 1927**

**VIOLIN RECITAL BY  
MISS ISOBEL MURRAY**

Talented Young Artist Has Aid Of  
Vocalists In Pleasing Programme

At the Aquatic Pavilion on Monday  
evening a highly appreciative audience  
of about two hundred people listened  
with delight to a splendid musical pro-  
gramme given by Miss Isobel Murray,  
violinist, Mrs. J. H. Trenwith, soprano,  
and Mr. G. S. McKenzie, baritone, all  
of whom were greatly aided by Miss  
Dorothy Denison, of Vancouver, who  
acted as accompanist throughout.

It would be far from exaggeration to  
state that the artists one and all met  
with a very cordial reception for each  
item of the programme was greeted  
with great applause, but the chief fea-  
ture of the entertainment was the won-  
derful playing by Miss Isobel Murray,  
whose technique astonished the audi-  
ence, she having greatly profited by  
courses of study and practice during  
her stay at the Coast. Always favour-  
ited with Kelowna audiences, Mrs.  
Trenwith and Mr. McKenzie also were  
never heard to better advantage, so  
that the entire entertainment was ex-  
tremely enjoyable.

The concert was commenced by Mr.  
McKenzie, who sang "My Ain Folk"  
(Lemon) and "Mary" (Richardson)  
with great expression, his rendering of  
both songs being entirely in keeping  
with their nature.

Miss Murray followed with "Sonata  
in A" (G. F. Haendel) and it was at  
once seen by the audience that she had  
greatly increased her mastery over her  
instrument. She played with confi-  
dence and ease and all the passages of  
the sonata were excellently rendered,  
the second movement (Allegro) being  
altogether delightful.

Mrs. Trenwith in "Homing" (Del  
Riego) and "Mifanwy" (Adams) gave  
a splendid exhibition of her vocal abil-  
ity, each effort winning much applause.

The three concluding numbers of the  
first portion of the programme were  
furnished by Miss Murray. They were  
"Souvenir" (Drdla), which was beauti-  
fully rendered, "Thail Meditation"  
(Massenet), which was interpreted in  
such a way as to bring out the beauties  
of the soft passages, and "Serenade"  
(Drdla), which could scarcely have  
been better rendered, and which merit-  
ed the applause which was almost an  
ovation.

The second portion of the concert  
was equally pleasing. It was commen-  
ced by the singing of "The Slave Song"  
(Mozart) by Mr. McKenzie, "Rom-  
ance of Mine" by Mr. McKenzie, Miss  
Murray providing a violin obliga-  
to during the rendition of the second  
selection. His interpretation of both  
songs merited him a well-earned recall  
and he responded by singing "I Passed  
by your Window."

Miss Isobel Murray in her next three  
selections gave the audience a good op-  
portunity of realizing her skill. "Rom-  
ance of Mine" (Bach) afforded her a  
chance to display her expertness at  
double stopping, the chords being  
splendidly executed, apparently with  
ease. "Loure" (Bach), a favourite se-  
lection for the violin, was equally well  
executed and the difficult "Air for the  
G String" (Bach) was so skilfully  
played, although the artist had dif-  
culty with the G string itself during  
the course of her playing, that the audi-  
ence insisted on a recall, Miss Murray  
responding by rendering "Berceuse"  
(Tschetschulin) very charmingly in-  
deed.

Mrs. Trenwith followed with "Or-  
pheus with his Lute" (Sullivan), her  
singing of which piece gained her the  
gold medal at the Okanagan Musical  
Competition Festival this year, and  
"Valley of Laughter" (Sandison). She  
also was much applauded and respon-  
ded to the evident appreciation of the  
audience by singing "Coming Home."

The last three items of the pro-  
gramme, "Ave Maria," "Serenade" and  
"The Bee," all by Schubert, gave Miss  
Murray an opportunity to display her  
talent to the full. All were selections  
which required artistic treatment and  
high technical ability for their proper  
rendition, and the audience were so  
pleased with her skill that immense  
applause greeted each selection, and the  
artist was obliged to play an addition-  
al number, "Poem" (Febisli).

Altogether the concert was a great  
success, to which material assistance  
was lent by the skilful and sympathetic  
manner in which Miss Dorothy Deni-  
son, of Vancouver, accompanied all  
three artists.

the analysis, and he expresses doubt  
whether it could be used to advantage,  
even if bought at one-fourth of the  
price asked for it.

**TWENTY YEARS AGO**  
(From the files of "The Kelowna  
Courier")

Thursday, July 11, 1907

The Orangemen held a church par-  
ade to the Presbyterian Church last  
Sunday. The net proceeds of the col-  
lection, amounting to \$15.00, were given  
to the Hospital.

"The lateness of the spring does not  
seem to have affected the size of the  
early potatoes, which have been on the  
market some time. Some of the Early  
Rose variety displayed in the stores are  
almost as large as full-grown late po-  
tatoes."

"A meeting of the directors of the  
Agricultural and Trades Association  
was called for Wednesday last, but had  
to be postponed to Friday, when only  
three directors turned up out of thirty-  
three, and no quorum could be secured.  
The matters to be con- sidered were of an important nature, in-  
cluding preparations for the show at  
New Westminster, and if a representa-  
tive exhibit cannot be secured the pub-  
lic will know whom to blame. Such  
apathy gives little encouragement to the  
secretary to prosecute his work, as he  
cannot tell how or when a quorum  
can be secured. Wake up some of  
you sleepy heads, and for once be un-  
selfish and do some work for the ben-  
efit of the whole community, not merely  
to serve your own personal ends."

"The question of dispensing with the  
ready-print auxiliary matter on our in-  
side pages, which vexed our editorial  
soul some time ago and afforded the  
Week an opportunity to show its pretty  
wit, has been solved for us ex machina  
by the bankruptcy of the firm that sup-  
plied us with the paper and the conse-  
quent stoppage of shipments. We are  
now using up all the surpluses from  
former shipments, and if our readers  
see some pictures, etc., that look some-  
what familiar, they will pardon us, we  
hope, under the circumstances. We  
have ordered a supply of book paper, a  
fine paper costing twice as much as  
ordinary news print, and upon this  
material the Courier will be issued in  
four-page form, the size to be increased  
to six columns per page as soon as our  
new press comes to hand."

"On the authority of Mr. John Mor-  
rison, Dry Valley, the grain crops in  
that district will be exceptionally good  
this year, the heavy rains of last month  
having done inestimable good. He  
says there is a good stand of grain on  
ground sown two or three years ago  
where the crop has been a failure dur-  
ing the past two seasons. The soil was  
too dry for the seed to sprout, and there  
was not enough winter moisture to rot  
it, so that, when a favourable season  
came, the grain responded to the call of  
Nature and came to the surface. This  
is a wonderful instance of the persist-  
ence and vigour of good seed and inci-  
dentally of the odd things that can hap-  
pen in our dry climate. As many of our  
old-timers can remember, Mr. W. Dun-  
can had one of the best crops he ever  
got from the land now occupied by Mr.  
Morrison from grain that was largely  
volunteer and the balance put in soil  
that had only been disc harrowed and  
not ploughed."

"Since the publication of his remarks  
in the Province concerning the 'whole-  
sale crop failure' in the Interior, Mr.  
Brandth has been subjected to a fire  
of scathing criticism by the Okanagan  
and Kootenay press which has had the  
effect of making him trim his sails so  
far as Kootenay is concerned, when  
visiting Nelson. When Mr. Brandth  
does the Okanagan Valley the honour  
of shedding his light in its midst, pos-  
sibly we shall see another exhibition of  
explanations which he does not feel call-  
ing upon to give when safely in Nelson."

"Is it not curious that Messrs. Mac-  
Neill, Cunningham and Brandth are  
all avowed of light and truth, and that  
these wicked, unscrupulous, lying news-  
paper men with singular unanimity  
band together all through the province  
to misrepresent them? Verily, the way of  
the 'prosperous' of 'honour' is hard.  
The late old sales at Institute meet-  
ings to them whom he deemeth moss-  
backs, but who have forgotten more  
than he will ever know about practical  
fruit-growing, and they honour him not  
in their hearts, while outwardly polite;  
he falleth among thieves, yea, even men  
of the newspaper, and they rob him of  
his reputation for truthfulness. But the  
great public will understand, they  
know full well that all newspaper men  
are liars and that all government offi-  
cials are as wise as owls and never say  
anything they ought not."

Subscriptions to the construction and  
equipment of the Kelowna Hospital,  
totaling \$4,540.99, are acknowledged in  
this issue.

**ACTION ALL THE TIME  
IN FEATURE COMEDY**

Constance Talmadge Has Colourful  
Role In "Venus Of Venice"

Those theatre patrons who still har-  
bour a sneaking suspicion that the life  
of a motion picture star is one of lux-  
ury and leisure, without particular re-  
sponsibility or need of exertion, will  
find final contradiction of any such  
theory in the presentation at the Em-  
press Theatre, on Wednesday and  
Thursday, July 20th and 21st, of Con-  
stance Talmadge's most recent comedy  
drama, "Venus Of Venice."

There is little opportunity for com-  
fort or relaxation in Miss Talmadge's  
portrayal of the "Water Rat," a dare-  
devil canal gypsy of Venice, for she is  
plunged from one exciting escapade  
into another until all possibilities of  
mischievousness seem to have been exhausted.  
She dives from a bridge, landing un-  
wittingly in the passing gondola of a  
visiting American. She swims under  
water to sink another gondola, and  
leaves its cargo of police floundering in  
the murky waters of the canal. She  
makes another thrilling dive from a bal-  
cony to escape an unwelcome suitor.  
She makes a spectacular "human fly  
climb" up the wall of a hotel. She  
leads the police a merry chase through  
a series of hotel rooms, discarding her

loops; any size.  
SPECIAL, per pair

**\$4.45**

wet, tattered garments as she goes and  
emerging, finally, dressed in the height  
of fashion in garments "borrowed"  
from guests.

Miss Talmadge's representation of  
"Carlotta," judging from its reception,  
is the most entertaining of all her  
screen efforts. The characterization  
blends feminine charm, roguery, whim-  
sicality and other appealing qualities in  
such a manner that, while the little  
"Water Rat's" main ambition is snatch-  
ing purses, she cannot help stealing  
hearts as well.

The picture is featured by a particu-  
larly well-balanced cast, with the popu-  
lar Antonio Moreno in the leading  
male role, opposite Miss Talmadge, and  
such able players as Edward Martindel,  
Julanne Johnston and Michael Vavitch  
in support.

**GORGEOUS PICTURE  
OF IMPERIAL RUSSIA**

Beautiful Laura La Plante Stars In  
"The Midnight Sun"

In "The Midnight Sun," which is  
billed for the Empress on Friday and  
Saturday, July 15th and 16th, Dimitri  
Buchowetzki, noted Russian director,  
has produced one of the biggest screen  
spectacles of the year. It is a Russian  
story, staged in a lavish setting that  
rivals even "The Phantom of the  
Opera" and other great screen success-  
es.

In the colourful scenes showing the  
Imperial Russian Ballet staged in a re-  
plica of the famous St. Petersburg  
Opera House, over a thousand prin-  
ciples and extras took part. So large  
was the production that it required not  
only a special wardrobe staff but a  
special building in which to house the  
costumes, and a special research staff,  
largely composed of royalist Russian  
refugees, to handle uniforms and decora-  
tions, furnishings, architecture and  
other details.

The story is an intensely dramatic  
one of the days of the monarchy in  
1913, when uprisings of student Nihil-  
ists and other seethings of unrest fore-  
shadowed the coming of Bolshevism as  
the dominant force in Russia. It deals  
with a girl, member of the Imperial  
Ballet, who is coveted by two men, one  
of them a Grand Duke, commander of  
the military power of Russia, the other  
a banker, the money monarch of the  
country, and the girl's love for a young  
officer of the Grand Duke's staff. The  
young officer's brother is a Nihilist,  
and this complication gives rise to  
many startling dramatic situations.

Laura La Plante is seen as the young  
premiere ballerina who has charmed  
her way from the ranks of the ballet  
to the top, and she is given her first  
chance as a dramatic actress, her previ-  
ous appearances having been made as  
a comedienne. Raymond Keane, who  
also makes his start as one of the prin-  
ciples in a dramatic production of the  
first magnitude, plays opposite Miss La  
Plante as the hero, while Pat O'Malley  
is the Grand Duke, handsome and re-  
splendent in gorgeous uniforms.

## Local and Personal

Miss L. Ewens, of Nanaimo, is a guest at the Lakeview.

Mr. J. Maxwell, of Sligo, Ireland, is a guest at the Lakeview.

Mrs. F. G. Davis and daughter left on Monday on a trip to Vancouver.

The Girl Guides left for their camp at Cedar Creek on Tuesday morning.

Mr. and Mrs. M. Henderson, of Grand Forks, are stopping at the Lakeview.

Dr. L. Day is erecting a bungalow residence on Long Street, near Park Avenue.

Mr. and Mrs. J. C. Kennedy and Mrs. Brown, of Penticton, are staying at the Palace.

Miss N. Robinson and Miss M. I. Aird, of Lethbridge, Alta., are guests at the Palace.

There will be a concert in the City Park tomorrow evening, given by the Orchard City Band.

Mr. and Mrs. A. Bishop and party, of Seattle, who were staying at the Palace, motored north on Sunday.

Capt. and Mrs. Forslund and family, of Edgewood, who were staying at the Lakeview, motored home on Monday.

Mr. R. E. Berry, of Vancouver, proprietor of the Empress Theatre, paid a business visit to the city on Tuesday and Wednesday.

Messrs. C. Owen, E. R. Johnston, C. Hayes and H. Tutt spent the week-end at Sugar Lake, where they met with good luck fishing.

Mr. J. R. Fry and Judge W. C. Brown, of Okanagan, Wash., were visitors here over the week-end, returning home on Monday.

Miss H. V. Hewitson was a passenger to the Coast on Tuesday, travelling direct to Victoria, where she will stay until the middle of August.

Mrs. W. G. Chamberlain and daughter, Miss Ollie Chamberlain, of Benvoulin, left yesterday via C.N.R. train on a holiday trip to Vancouver.

Good progress is being made with the construction of the Canadian National Railway Company's barge, on which some fifty men are employed.

Mr. and Mrs. F. J. Elkins, of Vancouver, who were guests at the Palace for several days, motored home on Saturday, taking the Wenatchee route.

Mr. R. W. Hogg and Miss Grace May, of Vancouver, and Mrs. L. A. Davis, Capt. and Mrs. G. Davis, of Penticton, are staying with Mrs. H. A. Willis, Park Avenue.

Miss Belle Shier left on Saturday via C.N.R. for Manitoba to visit her brother, Dr. L. R. Shier, of Gilbert Plains, and her sister, Mrs. Walter Beggs, of Hamiota.

Mr. S. T. Elliott, General Road Foreman, expects that the work of improving the Lakeshore road between Peachland and Summerland will be completed within six weeks' time.

Mr. and Mrs. D. H. Rattenbury and family left yesterday on a three weeks' motor trip, during which they will visit Spokane, Portland, Seattle and other points across the line and then travel on to Victoria and Nanaimo.

Mr. "Chuck" Henderson, until recently the star baseball player of the Revelstoke team, is now a resident of this city. He was presented by his baseball admirers with a handsome club bag before he left the main line city.

Mr. L. E. Taylor arrived from the Coast on Friday for a short visit to the district. He states that the summer at the Coast has been very cool so far, and growth there is rather backward as compared with the average of other years.

Mr. F. L. Mitchell received the gratifying news last week that he had won the prize offered by the Dominion Life Assurance Company for the best production of business in B. C. by any of the company's agents during the month of June.

Mr. C. W. Openshaw, who for several years past has been prominent in musical circles here, left yesterday for Kimberley, where he has accepted a position at the Orpheum Theatre. He was seen off at the C.P.R. wharf by a number of friends who wished him luck in his new surroundings.

It will interest old timers to hear that Mrs. Bernard Lequime, who has been arm broken when the automobile in which she was driving near Cascade last week was struck by an American car and knocked into Christina Creek, is making a rapid recovery at the Grand Forks General Hospital.

Rev. G. F. Driver, of Calgary, who is substituting at the First United Church during the absence of Rev. A. K. McMin, is staying at the home of Mr. and Mrs. W. S. Fuller, Lake Avenue. He will be glad if those who wish to meet him will phone him, No. 113, or write him, P.O. Box 864.

Mr. and Mrs. Grote Stirling left on Monday by car for Vernon, where they caught the C.P.R. train on their way to England. They sail from Montreal next Saturday on R.M.S. "Montclare," bound for Liverpool. They expect to return home in September. Miss Barbara Stirling accompanied them as far as Sicamous on her way to Vancouver.

Mr. A. B. Godfrey, General Manager of the Okanagan Telephone Company, was a visitor to town on Tuesday. He expressed himself as much pleased with the improvement in the telephone service to the Coast, which is now provided by an all-B. C. line instead of the previous circuitous route through the State of Washington. The direct connection has also been accompanied by a material reduction in tolls, and he expects that the produce shipping trade will find the service of great usefulness and value and will therefore utilize it largely in handling Coast business.

Mrs. J. Gopell, of Grand Forks, is staying at the Lakeview.

Mr. C. F. R. Pincoff, of Grand Forks, is registered at the Lakeview.

Mrs. Luckham, of Watford, Ont., is visiting her sister, Mrs. Geo. S. McKenzie.

Pendozi Street, from Elliott Avenue south, is being given a surface of heavy oil.

The many friends of Mrs. B. Shaylor will regret to learn that she is still confined to her bed by illness.

Mr. and Mrs. Dayton Williams have as their guest their daughter Mrs. F. Buck, of Riverdale, California.

Mr. and Mrs. E. C. Moffatt, of Winnipeg, who were visitors to the city last week, motored south on Monday.

Mr. P. G. Dodwell, of Summerland, is the guest of Mr. and Mrs. H. G. M. Gardner for the tennis tournament.

Mrs. Gerald Dowling and son Ted, of Los Angeles, are spending the summer with Mrs. Dowling's parents, Mr. and Mrs. W. Longley.

The Misses D. and J. Keith, of Enderby, arrived in the city on Monday and are staying at the Lakeview during the tournament week.

The Ellison cut-off road was reopened for traffic on Saturday, but for light traffic only. No heavy trucks will be permitted to travel on it this year.

Mr. and Mrs. L. E. Kent, of Nelson, who were visitors here at the beginning of the week, motored north yesterday on their way to Prince George.

Miss Dorothy Denison and her sister, Mrs. F. Winter, of Vancouver, former residents of Kelowna, are the guests of Mr. and Mrs. F. W. Groves, Park Avenue.

Mr. J. E. Carpenter, Grand Secretary of the Provincial Grand Orange Lodge of British Columbia, who visited this city last week, motored on Saturday to Okanagan points on Saturday on his way to the Coast.

Mr. James Elliott, a shipwright employed on the construction of the C.N.R. barge now being built here, cut his right foot with an adze on Tuesday morning, the injury being sufficiently severe to necessitate his being taken to the General Hospital, where he at once received medical attention.

Mr. R. P. Hughes is erecting an apartment house on the north side of Bernard Avenue at the intersection of Richter Street. The building will be a stucco structure, two stories high with a cement basement, and its dimensions will be forty feet by eighty feet. When completed it will accommodate at least eight families.

Mr. and Mrs. F. L. Mitchell have as their guests Messrs. W. Rolston, M. Rolston and D. Rolston, of Vancouver, who arrived here on Saturday after an enjoyable motor trip by way of the Revelstoke Canyon. Mr. W. Rolston, who is well-known in Vancouver athletic circles as a lacrosse player of unusual merit, intends to settle here.

Our readers are reminded that there will be a musical festival in the City Park on the afternoon and evening of Tuesday, July 19th, when the celebrated Vancouver Salvation Army Citadel Silver Band will give two concerts. This band is well worth hearing. Its members are accomplished musicians and those who attend these concerts here are assured of a musical treat.

The members of the Loyal Orange Lodge, No. 1870, accompanied by the ladies of the Loyal Orange Benevolent Association, motored on Tuesday to Salmon Arm, where they took part in the Twelfth of July celebration, which was also attended by delegates from Revelstoke, Vernon, Armstrong and Enderby. They report having spent a very enjoyable day, during which all kinds of sports were indulged in, including several baseball matches. At the open air meeting a resolution was passed supporting the claim being made by the Province of Alberta for the ownership of all its natural resources. The Orangemen and ladies of the L.O.B.A. of Penticton, Peachland and Summerland did not go to Salmon Arm, but celebrated the 12th of July at Summerland.

Mr. D. Owens, of Vancouver, accompanied by his wife and daughter, Miss Frances Owens, and niece, Miss Beatrice Ball, of Victoria, motored from the Coast last week over the Fraser Canyon route, and the party are the guests of Mr. and Mrs. A. Fraser, Richter Street. Mrs. Owens is a sister of Mr. Fraser. Mr. Owens makes a hobby of breeding Border fancy canaries, and just prior to leaving for the Interior he was a very successful exhibitor at the Vancouver Young Bird Show on July 4th, being awarded the Championship Cup for best bird in the exhibition and securing the most points of any competitor. This is the first occasion upon which the visitors have been to Kelowna, and they are much charmed with the beauty of local gardens and orchards.

## WINFIELD

The baseball season ended last Friday, when Winfield won the game with Oyama 6 to 5, thereby winning the cup given by Lumby on July 1st.

Congratulations to Mr. and Mrs. J. Offerdahl on the birth of a son.

Mr. and Mrs. Joslyn, with three daughters, came up from Washington on Sunday to spend a few days with their daughter, Mrs. Perry Clark.

Mrs. Cornish has as her guests, Mrs. Parker and son, from Vancouver.

Mrs. Weddell and children are spending a week with Mr. and Mrs. Shanks.

Mrs. Reed has her mother and father staying with her for a short time.

## OBITUARY

Dr. Charles Mair

With deep sorrow it was learned by many old friends in the Okanagan that Dr. Charles Mair, one of the oldest and most respected of Canada's literateurs, had passed away at Victoria on Thursday, July 7th, within a few weeks of his eighty-ninth birthday. Although he had been an inmate of a nursing home at Victoria for nearly four years, owing to acute bronchial asthma, he was in fairly good health apart from his chronic ailment until a few hours before his death, and the end came quickly. His mind was clear and alert, even if his body was enfeebled, and he took great pleasure in conversing with old friends.

While Dr. Mair's fame as poet and historian is Canada-wide, his connection with the Okanagan Valley and especially with Kelowna, was direct and intimate, as he came to what was then the tiny new village of Kelowna, founded that year, in 1892, and carried on a general mercantile business here for several years in a building long since torn down, on the site now occupied by Chapin's.

Charles Mair was born in the village of Lanark, Ontario, on September 21, 1838, of Scottish ancestry, his father, James Mair, having emigrated to Canada from the Lowlands, and his mother, although of a Northumberland stock, being also born in Scotland. He received the rudimentary portion of his education in the school of his native village, going later to the district school at Perth and afterwards to Queen's University, Kingston, where he studied medicine for a time but soon abandoned his intention of becoming a doctor to join his father and brother in the lumber business.

As a student at Queen's, Mair made his first venture into authorship with a little book of verse, published in 1867, entitled "Dreamland and Other Poems." While at Ottawa making arrangements for publication of the volume, he met the Hon. Wm. McDougall, Minister of Public Works, who discovered that the young poet had an unusual acquaintance with the West, gained by reading and talking with old traders, and the Minister accordingly appointed him paymaster and historian of a party organized and sent out to the Red River for the construction of an immigration road to the Lake of the Woods. From that time Mair's long and intimate connection with the West.

During this expedition he met at Winnipeg Miss Elizabeth Mackenzie, who became his wife on September 8, 1869. The first Riel Rebellion broke out soon after, and on December 3, 1869, Mair and his wife were taken prisoners by the rebels at Fort Garry. For some time he was in great danger, as of the seventy or eighty loyalists who were captured he was the only one who refused to sign the terms of the rebels, and so his staunchness was his loyalty and so his intense was his abhorrence of their treason. Ultimately he made his escape, otherwise his fate might have been that of the unfortunate Scott, who paid for his loyalty with his life.

Still resident on the Prairies when the second Riel Rebellion took place in 1885, Mair saw service in the campaign as an officer in the forces which crushed the rising. He moved to Kelowna, as stated, in 1892, and several years later he returned to the Prairies once more, re-entering the government service and doing special work for the Indian Department and Department of the Interior, and latterly in the Immigration Branch, in which he served at Lethbridge. After retiring from the service, he resided at Port Steele for a time and later at Port Stanley, and previous to taking up residence in Victoria he paid a visit to a married daughter in New Zealand. The long voyage proved rather trying at his advanced age and probably had an effect in permanently impairing his health.

"Tumescence," a fine dramatic poem and Mair's greatest work, was published in 1886 and secured him immediate recognition in the first rank of Canadian authors. "The Last Bison" followed in 1888, and in 1898 he issued a most interesting volume, "Through the Mackenzie Basin." His literary work was marked by felicity of phrase and expression, and a revival of interest in his writings was evoked by the recent publication of a complete collection of them by the Radisson Society of Canada. In recognition of his place in the literature of Canada, his old Alma Mater bestowed upon him an honorary doctorate, and he was an Emeritus Fellow of the Royal Society of Canada.

Dr. Mair's wife died many years ago, and a daughter also predeceased him, while three daughters and a son survive. Mrs. E. J. Cann, of Calgary, who resided latterly in Victoria to be with him during his illness, Mrs. B. E. Crichton, of Okanagan Mission, Mrs. A. Lucas, of New Zealand, and Mr. Cecil G. Mair, of Windsor, Ont.

The funeral service was held at Christ Church Cathedral, Victoria, on Monday, when the following acted as pall bearers: Messrs. C. A. Magrath, Donald Fraser, Sullivan, S. A. Godsal, H. Clark and G. A. Henderson. After the service the body was forwarded to Vancouver for cremation. There was a large attendance at the church and the casket was covered with many beautiful floral remembrances.

Mr. John Leithead

Through the demise at the Kelowna General Hospital on Tuesday of Mr. John Leithead, this district suffered the loss of an old-time resident.

Mr. Leithead, who was sixty-three years of age, was of Scottish parentage and came to Canada thirty-six years ago. After living in Eastern Canada and on the Prairies, he came to the Okanagan in 1909. He was a horticulturist, was unmarried and resided mostly with his brother, Mr. W. Leithead, of Rutland. He had been in poor health for some months past. Immediate relatives left to mourn his loss in this province are his brothers, Mr. Robert Leithead, of Victoria, who has reached the city for the obsequies, and Mr. W. Leithead, of Rutland.

The funeral service is to be held this afternoon at the undertaking parlours of the Kelowna Furniture Company.

A July Clearaway Sale  
of Women's Summer Footwear

The new footwear that fashion has decreed to be correct for summer is well represented in our big assortment of pretty styles—Pumps, Sandals, Slippers and Oxfords, for dress, sports, business or general wear. There are many styles and at these clearance prices are genuine bargains.

Car receipts from June 30th to July 6th inclusive: From B.C.: 3 strawberries. From Saskatchewan: 2 potatoes. Imported: 1 lemon, 6 bananas, 3 oranges, 2 cucumbers, 2 mixed vegetables, 2 celery, 3 tomatoes, 2 new potatoes, 1 mixed deciduous fruit, 1 cantaloupe, 1 plum, 2 raspberries, 1 peach, 1 onion, 1 cabbage.

**Vancouver**  
Considering the period of the year, the weather has been dull during the past week and a few light showers have fallen.

The marketing of the strawberry crop has gone ahead very evenly during the week, no break in prices taking place and a tendency to strengthen as the week went on. Supplies on Water St. were very light this morning and the deal throughout has been very satisfactory, the only break being a Saturday for a week-end clear-up.

Raspberries and black and red currants are now fairly plentiful, although the supply is more in evidence on the retail stands than on Water St. Prices as yet are very good, the weight of the

crop not yet being felt on the market. Cherries are scarce at present, supplies being light from all sources. More could be handled than are offered.

New potatoes fell heavily during the week, the price at present being around \$35 to \$40 per ton, country points. There is some shipping to prairie points and also a light movement to Seattle. That market was buying at \$55 last week but specifying a better grade than is used for local shipment.

The following fruit and produce was imported and inspected at Vancouver during the week ending July 15, 1927: Apples, Winesap, Wash., 22 boxes; peaches, Cal., 432 boxes; plums, Cal., 951 crates; yakamines, Wash., 18 crates; apricots, Royal, Cal., 78 crates; cherries, Wash., 972 pkgs.; gooseberries, Wash., 13 cases; raspberries, Wash., 26 crates; bananas, 1927 bunches; pineapples, Hawaii, 1 crate; oranges, Cal., 1822 cases; lemons, Cal., 494 cases; grapefruit, Cal., 1002 cases; grapefruit, Fla., 36 cases; avocados, Cal., 12 cases; watermelons, Cal., 4108 cases; cantaloupes, Cal., 1236 crates; Casabas, Cal., 43 crates; Honeydew Melons, Cal., 137 crates; artichokes, Cal., 2 cases; asparagus, Cal., 5 crates; celery, Cal., 144 crates; green beans, Wash., 80 pkgs.; green peas, Wash., 2 sacks; eggplant, Cal., 1 crate; green peppers, Cal., 3 crates; sweet potatoes, Cal., 1070 lbs.; carrots, Cal., 40 sacks; onions, Cal., 10 sacks; onions, Japan,

CANADIAN TOBACCO AT  
OLYMPIA

(By C. M. Slagg, M.S., Chief, Tobacco Division, Dominion Department of Agriculture.)

The Tobacco Division, Central Experimental Farm, Dominion Department of Agriculture, Ottawa, gathered and exhibited a representative display of Canadian leaf tobacco at the eighth International Tobacco Exhibition, held at Olympia, London, England, April 30th to May 7th, 1927. The Canadian exhibit consisted almost entirely of commercial samples, each representing a hoghead of export leaf which might be purchased on the open market, or a case of cigar tobacco. A stripped hoghead of Ontario leaf and a stripped case of Quebec cigar binders were shown to represent the commercial market packages. We wish at this time to thank those packers and handlers in Ontario, Quebec, and British Columbia, and those Canadian leaf brokers in the British Isles, whose commercial samples and assistance made our comprehensive exhibit possible.

The samples displayed represented all the types of tobacco at the exhibition in Canada which have formed part of our exports, and included White Burley, Flue Cured, Green River, Dark Fire Cured, Cigar Binder, and Cigar Filler tobaccos, grown in Ontario, Quebec, and British Columbia. The leaf samples were so arranged that they were easily available for examination, and a reserve supply was maintained so as to replace any broken or otherwise damaged leaf by exposure to drying out and to continuous handling. For the arrangement and general excellent quality of the exhibit, Canada's booth was awarded a silver medal by the committee in charge.

The Canadian booth, during the period of the exhibition, was visited by many interested manufacturers and leaf dealers. These men were, for the most part, very well satisfied with the quality of the samples shown. Most of them had already used some Canadian leaf in their manufactures, and all remarked on the improvement in quality of the packed leaf offered for sale. One objection, which they all voiced, was to the price of our packed tobacco. Our export leaf comes into direct competition with that shipped in from Nyasaland, Rhodesia, South Africa, and India, all of which are trying to vary success, for a share of the English tobacco trade. India, due largely to the cheapness of her product, supplies a larger quantity of leaf tobacco than any other part of the Empire.

## Dumping Prices On Strawberries

Strawberry growers will be disappointed when they learn that those responsible for setting the duty on strawberries set the price at \$1.50 per crate f.o.b. shipping point. They estimated 15 lbs. to the crate and 10 cents per lb. This brings the \$1.50 above mentioned. There is no mention of the crate in the matter and, as the grower has to buy his crate on both sides of the line, the price of berries by the crate, including the crate, should be the value placed for dumping. As matters stand the dump may as well be forgotten.

This year Ollala, Washington, berries were quoted at as low as \$1.50 per crate, but Hood Rivers did not reach that figure. Berries were a drug on the Washington market this year. Double the quantity was processed this year than last, as the demand for shipping for local and export markets was insufficient to absorb the production at a living price. Growers cannot ship berries and find the crate to hold them at \$1.50 without serious loss, and the want of a sufficient dumping price lost part of the Winnipeg market for B.C. berries. We think this matter should receive immediate attention of all berry growers.

**Eastern Apple Crop Short**  
Market Commissioner J. A. Grant, who is at present in Ottawa attending a conference on National Advertising of Food Products, has been investigating the apple crop down east and sends along the following: "The apple crop of Eastern Canada and the States will be short this year. Prospects for New York apple market looks good for British Columbia McIntosh."

**Plans For Advertising Canadian Fruit**  
The Canadian Horticultural Council, at a special meeting here, decided to apply for \$20,000, part of \$100,000 voted to Department of Trade and Commerce for overseas advertising. This is conditional that a like amount be contributed by the industries making application to take advantage of this vote. They decided that all export fruit must be inspected. A recommendation was passed to spend \$400,000 per year for five years on domestic advertising, if it is found possible to interest Department of Agriculture to the extent of fifty-fifty in fruit producing provinces, the trade and the growers to contribute the other half.

The offer of the C. H. Robinson Brokerage of Canada to turn over their brokerage in trust to a committee supervised by the Canadian Horticultural Council was abandoned.

The Sales on Consignment Act provided a contentious matter, jobbers' representatives claiming it was impractical. The committee recommended that the Ontario bill be amended to include some of the provisions of the British Columbia bill, also, that some objectionable features in the British Columbia bill be recommended for amendment.

## TWO FULLY MODERN HIGH-CLASS BUNGALOWS WITH LOTS WILL BE GIVEN AWAY

At the Vancouver Exhibition to holders of the ticket numbers to be drawn on the last day of the Exhibition.

Bungalows on view at Hastings Park until after the Exhibition, when they will be moved to lots. BEAUTIFUL PONTIAC COACH WILL ALSO BE GIVEN AWAY

Advance sale of tickets for Exhibition now on. Five for two dollars; singles, fifty cents each. Will be forwarded on receipt of remittance to—

Vancouver Exhibition Association, 440 Pender St., W., Vancouver, B.C.

Canada, with high priced land and labour, furnishes probably the highest priced leaf of any of the overseas dominions.

Since, at the present time, the British trade uses largely American-grown tobacco for pipe and cigarette smoking, the more closely any Empire-grown tobacco can approximate American leaf in colour, texture, aroma, and flavour, the better will be its chance of success in England. Tobacco as a plant is very susceptible to environmental conditions. Differences in soil and climate produce marked differences in the qualities of the cured leaf. Canada, due to its proximity to the American producing districts, and to the fact that American methods are used, produces typically American leaf, often very difficult to differentiate from Virginia and Kentucky tobacco. For this reason, with the added impetus of the preferential duty, the increase in British use of Canadian-grown leaf tobacco has been very rapid, our supplies being readily absorbed even though the prices have been higher than for the American leaf, or for leaf from other parts of the Empire.

At the present time, the increased British demand, in addition to increased use by domestic manufacturers, has kept Canadian leaf prices at a very high level. In spite of increased production, the Canadian tobacco grower has not been able to keep abreast of the demand, hence the high prices and still further increases in acreage in old districts and expansion into new districts. Under these conditions, our problem is to keep up to a high standard the quality of our leaf, while at the same time new and unskilled growers are producing large quantities of tobacco which must find a market.

A few years ago, Empire-grown tobacco was used by the English manufacturer only sparingly and in small quantities. At the present time, very considerable quantities are used, and many manufacturers are producing Empire mixtures made wholly from leaf grown in the overseas dominions. These mixtures have the advantage of cheapness, but usually are of inferior quality. Since smokers' tastes are largely matters of custom and usage, it may be that these Empire mixtures will continue to increase, or, in other words, that the British smoker will become educated to the use of low grade tobacco. Considerable quantities of Canadian leaf are used in these Empire mixtures. It is not possible at this time to predict if the use of Empire brands will continue to increase. It is certain that their use has increased very rapidly in the last two years but whether this rate of increase will be maintained is a question that only the future can answer. In this situation Canadian leaf is in a peculiarly fortunate position, since it may be used either as the basis of an Empire mixture, or for blending with American tobacco.

Whatever the future makeup of popular blends in the United Kingdom, Canadian tobacco should be in demand. At present, the greatest demand is for the flue cured and dark fire cured types, with a good demand also for Ontario Burley and Green River. A limited quantity of cigar binders and stripped fillers can also be marketed. With particular reference to Ontario, it would appear that there is little danger of overproduction in 1927 of the flue cured and dark fire cured types, providing the quality is maintained. There should also be a good demand for Burley and Green River, if the production is not greatly increased over 1926. As for Quebec cigar binders, while there are indications of increased demands from the United Kingdom, it is not believed that these warrant any significant increase in the present acreage.

At the Seventh International Tobacco Exposition, held at Olympia in 1925, Canada was the only one of the overseas dominions showing an exhibit of leaf tobacco. At the 1927 Exposition, excellent leaf exhibits were shown from South Africa, India, Nyasaland, Northern Rhodesia, Southern Rhodesia, Cyprus, and Mauritius. All of these countries are encouraging tobacco culture and are very actively interested in increasing their exports to the United Kingdom. India, Nyasaland and Rhodesia have been successful in effecting large increases in their tobacco exports. Canada has also made notable progress in this direction, our exports of leaf tobacco having increased from 200,000 pounds in 1921 to more than 5,000,000 pounds in 1926. In this connection, we cannot do better than quote from page 29 of the catalogue issued by the Olympia Exhibition Committee, London:

"Canada's output is one of the most notable examples of successful catering for this market. Her soils and climatic conditions render the leaf specially suitable for blending with the U.S.A. product, and is in itself of excellent quality. The word 'progress' in Canada is thoroughly well applied in the case of tobacco as in other departments. Canada has a considerable advantage over some other portions of the Empire, inasmuch as she has a splendid market for her tobacco production at home as well as for export to this country."

It is of the utmost importance that the quality of Canadian grown tobacco be maintained at the highest possible level. We have at the present time an excellent opportunity to gain a share of England's enormous import trade in leaf tobacco. If we are to secure and hold this trade, however, we must realize that it can only be done by placing on the British market only clean, high quality, well graded leaf.

The Department of Marine and Fisheries has shortened the close season for bass in Christina Lake ten days, that sheet of water being open to fishing since the 1st of July.

## Wealth

It is not possible for everyone to be a Henry Ford but it is possible for the average person to save sufficient to create a comfortable income for themselves in their old age, as shown by the following figures.

The following amounts saved weekly and invested at 6% will amount in 20 years to:

\$ 5.00 per week—\$ 20.00 per month	\$ 9,839.12
\$10.00 per week—\$ 40.00 per month	\$19,717.06
\$25.00 per week—\$100.00 per month	\$49,300.87

Save and invest your money whilst you are able to earn it. There are many excellent Industrial Securities yielding sufficient to pay the investor 6%, with a possible further appreciation in market values.

Start and save now. We will co-operate with you in giving you the best advice and information we can obtain.

WE INVITE YOUR INQUIRIES.

## DIVISION 9.—FRUITS

Directors: Messrs. Coe and Jones

All exhibits must be in the Hall by 8 p.m. on Monday, September 19th.

All exhibits of Fruit on plates to become the property of the Society.

No Fruit to be shown unless in good sound condition. It is optional with the exhibitor whether his fruit be polished or not. Stems must not be cut.

No fruit can be changed after having been placed in position.

All plate exhibits to consist of five of each variety in the apples, pears, peaches and quinces; twelve of each in crab-apples, plums, prunes and apricots; four bunches of grapes.

An exhibitor is allowed to exhibit only one plate of apples of each variety.

The regulation size and pack of fruits as approved by the Department of Agriculture to date are as follows:

Variety	Inches	Per box
Duchess	3	113-125
Wealthy	3-3 1/2	113-125
McIntosh	2 1/2-3	125
Jonathan	2 1/2	138-150
Delicious	3-3 1/2	96-104
Rome Beauty	3 1/2	113
Yellow Newtown	3 1/2	96-112
Winter Banana	3 1/2	138-150

## RUTLAND

That the baby clinic held every year by the Women's Institute at the School is as popular as ever was evidenced by the fact that twenty-four infants were examined by Dr. B. F. Boyce, who was assisted by Miss Reba Willis, last Wednesday. The babies were declared by the doctor to be a good healthy bunch with hardly anything wrong with any of them. The clinic was in charge of Mrs. Mungford and Mrs. Marchant, in the absence of Mrs. T. M. Anderson, convenor of the Public Health Committee. Mesdames Jensen and Hlenkarn served tea to the mothers and others present.

Miss Michella Oppenheim left for Victoria on Saturday to attend the Girl Guide Jubilee Camp there. When camp breaks up Miss Oppenheim, who has made a large number of friends during her stay in the district with her uncle and aunt, Mr. and Mrs. A. Marchant, will go to Duncan, Vancouver Island, where she has accepted a position on a poultry farm.

There was the usual small attendance at the annual school meeting held last Saturday in the school basement, some 27 ratepayers being present. Mr. E. Mungford was voted to the chair and the business was got through expeditiously.

## We are as careful--

IN OUR STORE AS YOU  
ARE IN YOUR KITCHEN

The other day a man said: "Why don't you advertise your store as the **CLEAN GROCERY** when you keep everything so clean and tidy?"

The **HELP YOURSELF SECTION** makes it easier for us to keep our store clean too, and so many of our customers have remarked on how convenient it is. Here are a few of the items in the

### HELP YOURSELF SECTION

Pineapple in broken slices; large 45c cans; 3 for **\$1.00**

### THE MAPLE INN

MAPLE BAY, VANCOUVER ISLAND

A beautiful sea-side resort, six miles east of Duncan, and off the beaten track.

Hot and cold water in all rooms. American plan, with choice cuisine. **GOOD BATHING, BOATING, FISHING, GOLF** (five miles). Own board tennis court. Boats and launch for hire. Furnished cottage bungalows. Safe beach for children.

Let us mail you folder.

P.O. Address:—DUNCAN, B. C. Manager: R. E. Macbean (late of Kelowna).

The Premier mine in the Salmon River section of the Portland Canal district is still the largest dividend payer in this province and ranks fifth as a dividend payer among Canadian mining properties. It annually produces approximately \$1,500,000 in dividends.

### An Impossibility

Mother (discovering her little daughter washing a kitten with soap and water): "Oh! Betty darling, I don't think the mother pussy would like her kitten washed like that."

Betty (very seriously): "Well, I really can't lick it."

## SPORT ITEMS

### CRICKET

City Eleven Takes Lead In League  
City crept above Occidentals, and became temporary league leaders, when they won this week's Kelowna District League fixture from the Canadian Legion by 158 for 6 wickets to 119. The City, however, have played five matches against the Occidentals' three, the Packers having two matches with the Legion and one with the City to complete the schedule, while the City have but one fixture yet to play. In the event of the City winning from Occidentals at their next meeting, it would be necessary for the Packers to win both fixtures from the veterans to come out on top.

This week's fixture was featured by the batting of C. E. Campbell, who made 56 before being caught by Hood off Sutton, the bowling of Davis for the City in obtaining 6 wickets for 25 runs, and the fact that five of the winners' wickets fell to catches made by the Legion fielders.

With their total standing at the respectable figure of 119, the Legion were in a fair position at least to obtain a draw, but their bowlers were unable to make much headway with the City batsmen, Campbell's 56, together with Crickton, 27, and Butts, 23, not out and Mr. Extras, 18, being sufficient to allow the City to register their second win of the season.

### LACROSSE

#### Armstrong In Action Here Today

Armstrong, Kelowna's old rivals on the lacrosse field, invade the city today in a Rowcliffe Cup match, commencing late this afternoon, and the local club are hoping that there will be a good attendance. To keep in the running, Kelowna must win today's fixture, as Armstrong and Kelowna have both won from Vernon, with a Kelowna-Armstrong match resulting in a tie. Should Kelowna win today, there remains one fixture to be played at Vernon, and should they also win that, the locals would have a lead over Armstrong should the tie game be counted as points divided.

### BASEBALL

Kelowna Wins Exhibition Game At Penticton

Breaking the jinx which has pursued Kelowna teams playing at Penticton for a good many years, the local ball team this week-end won an exhibition fixture 9-7, in a game which provided all the thrills possible, including a ninth inning rally by Penticton which was nipped in the bud by fast fielding. For five innings the teams played in big league style, the score standing 1-0 in Kelowna's favour at the end of the fifth, with Byrde, Kelowna pitcher, having no less than 12 strikeouts to his credit. The Penticton batters simply could not connect with his fast breaking curves, but McKenzie, on the mound for Penticton, had the Kelowna batters hitting to the infield, two clean hits in the third inning giving the locals their one run.

Kelowna added three more in the sixth and another three in the seventh. Penticton took advantage of Kelowna errors, coupled with safe hits, to pile up four runs, but with the score 7-4 in Kelowna's favour, a win seemed certain. Penticton, however, came back with another three counters when flies to the outfield were dropped. Kelowna added another run to make the score 8-7 and, with their last tally in the ninth, brought the score to 9-7. Penticton had another turn at bat, and required two runs to tie or three to win with the heavy hitters coming up. Byrde forced the first two men to hit to the infield, where fast fielding retired them at first. Mahoney, however, hit through short and stole second. With a runner on second and two down, McKenzie had a chance to make himself solid with Penticton fans, as a home run would have tied the count. After taking two strikes, he hit a long fly to deep centre field which McKay gathered in barehanded after a hard run for the third out, leaving Kelowna winners 9-7.

Byrde struck out 16 Penticton batters during the course of the game, and also was the leading hitter, Henderson,

Roth and Parkinson also connecting at opportune times.  
McKenzie was replaced in the pitcher's box by Ritchie, formerly of Sumnerland, in the seventh. Byrde went the entire distance for Kelowna, and although weakening towards the close of the game, was given fairly good support.

Fraser, of Penticton, officiated as umpire and, although he was inclined to call some high strikes, made his decisions quickly and with effect.

It should be emphasized that the entire collection obtained was turned over to the Kelowna team for travelling expenses and towards the medical expenses of Claude Byrde, who was injured in a recent game at Penticton. The Penticton club not even taking out anything for advertising, and their sportsmanlike treatment is greatly appreciated. Incidents such as these do a great deal towards building up a true spirit of friendly competition, and Kelowna will certainly be anxious to reciprocate should the occasion arise.

Kelowna lined up as follows: Byrde, p.; J. Parkinson, c.; C. Henderson, 1b.; Bourke, 2b.; Rainbow, s.s.; Buse, 3b.; Talbot, r.f.; McKay, c.f.; Roth, l.f.

Kelowna was strengthened by the addition of C. Henderson, former Revelstoke baseball and basketball star, who has taken up residence in this city, his work around first base being a feature while he delivered two timely hits which meant runs.

### TRAP SHOOTING

Spurrier's Team Wins From Westbank In Latta Cup Shoot

One of the most largely attended shoots of the year was staged at the Glenmore trap last week, nineteen guns taking part in the team shoot between Spurrier's team and Westbank and in practice shoots.

Spurrier eliminated the Westside team by the narrow margin of 4 points, and the choosing of teams for the Latta Cup shoot so far has been very fair, according to the scores made.

The first round is practically completed, and the draw for the second round of the Latta Cup competition will appear in these columns when ready for publication.

This week's results were as follows: Westbank: Haldane, 22; Garraway, 17; Britchard, 14; Smith, 17; C. Butt, 20.—Total, 90.

Spurrier's team: J. B. Spurrier, 23; W. Lock, 17; W. Laws, 16; J. Cameron, 17; C. Sutherland, 21.—Total, 94.  
Spurrier, with 23, was high gun in the team shoot, R. S. Moe making the same score in a practice shoot, while Haldane made 22 in the team shoot and 21 in the practice.

## GLENMORE

Mrs. R.-W. Corner returned from the Coast on Monday. Friends will be glad to know that the baby is gaining steadily.

Mr. and Mrs. Vince Martin have moved into their new cottage at Manhattan Beach for the summer.

No finer day could have been chosen than the one on which the Glenmore Community Picnic was held. Few Glenmoreites were left in the Valley after eleven a.m., the majority being assembled at the Mission wharf—thinning and cherry picking forgotten for a few hours. Some familiar faces were missing and we regretted their absence, but about one hundred were present. Mosquitoes, who have chosen some of these spots for a rendezvous this season, somewhat marred the enjoyment of several. A bathe was indulged in by some, while others prepared the lunch of good things which was thoroughly enjoyed. A good sports programme was arranged for the afternoon, which included tots as well as grown ups. The blindfold boxing match, nail hammering competition for ladies, and the tug-of-war between teams captained by Morton Paige and Ray Corner were the major attractions. In the latter Morton Paige's team were winners, after a strenuous fight, by a narrow margin. Bathing filled the time until the call for tea, after which an adjournment was made to the wharf, where the Rand boys provided music with their violins and ukelele. Some of the juniors Charlotoned, while several of the young folks danced, steering themselves carefully around the numerous large holes on the old wharf. Slides of evening were falling when the last member was rounded up and the pesky biters looking for an evening meal were left to find other victims.

The Community Guild members and friends met at the home of Mrs. Vince Martin, Manhattan Beach, on Tuesday afternoon. This meeting took the form of a basket picnic and was open to all Glenmoreites who were invited to bring along their husbands and a basket. Mrs. Martin and Mrs. Irving were hostesses.

After an enjoyable meal and get-together talk, the Reeve and Council were summoned to the Council House to attend to municipal affairs, this being the second Tuesday in the month. The Rand boys again delighted with music, as did Miss Mary McKenzie with her songs. Miss McKenzie and Miss Alice Brown led in the singing of familiar songs and choruses and even as the late hours drew on, some were loathe to tear themselves away from such lovely surroundings. The evening was perfect, no wind, a moon almost at the full, and few mosquitoes.

We should like all Glenmore folks to know that every one is welcome to attend any of our community affairs. All these things belong to each individual as a member or former member of our community. So if you hear of picnic, beach meeting or supper, join the crowd and receive a welcome.

JONES HOLDS LEAD IN GOLF CHAMPIONSHIP

ST. ANDREWS, July 14.—Bobby Jones played the second round of the British open golf championship in 72, one stroke under par, giving him a total for the two days of 140. He thus maintains the lead in defence of the title he holds.

The rounds are being played today in bright sunshine. B. Hodgson, of Tenby, England, is on Jones' heels with an aggregate of 142. Joe Kirkwood, former Australian, shot a fine 72, giving him a total of 144.

## OKANAGAN CENTRE

The annual school meeting on last Saturday evening was a rather more interesting affair than usual. With Mr. Goldie in the chair, the routine business was finished in a short time, after which a letter from the Department of Education was read stating that, on recommendation of the recent School Survey Commission, the status of the Centre school was changed from that of an assisted school to a rural school. This means, briefly, that the cost to district taxpayers of maintaining the school will be just about doubled.

In view of the fact that a new school building was contemplated, this came as a decided shock, which, however, was partially "absorbed" by a second communication from the same source saying that the Department will bear 50% of the cost of erecting a school building for a rural school.

The Secretary, Mr. Gleed, then reported on the findings of the Board of Trustees, following instructions given at the last annual meeting to plans for a new school building. A site just north of the tennis courts facing the east road was recommended which was subsequently confirmed and the Trustees were requested to proceed with the erection of a building conforming to government specifications as soon as possible.

Mr. Goldie was again elected auditor and Mr. Gleed, the retiring Trustee, was re-elected.

A tennis team, consisting of Mrs. Macfarlane, Mrs. Gibson, Mrs. Maile, Mrs. Parker and Messrs. Gibson, Logie, Rimmer and Venables, journeyed to the Mission on Wednesday, the 6th, for a match with a team from the Mission club. After a series of close games, the score stood at 7-5 in favour of the latter.

Mrs. T. A. Gray kindly offered her delightful garden on Thursday afternoon (the 7th) for the regular monthly meeting of the Women's Institute. About twenty members were present and all enjoyed the talk given by Miss Hare on the doings of the Provincial Conference at Chilliwack. Notice was given of an Institute picnic, which has become an annual affair with the Rutland Society, to be held this year at Williams' Bay on Wood's Lake, to which other Institutes of the Valley are invited. The date is July 13th.

Twelve to fourteen members signified their desire to go and transportation will be provided for that number. Arrangements for the annual Flower Show and Garden Fete, to be held in the gardens of the Rainbow Ranch, on July 28th, were perfected and the classes of exhibits read, which will be given in detail in a later issue. Several new and unusual classes were noted which should prove interesting to exhibitors. A marquee large enough to house and show the exhibits comfortably has been kindly loaned by the Department of Agriculture. Prizes and special prizes are better than ever. Any wishing prize lists may obtain them from either Mrs. Maile, Centre, Villits' Kelowna, or Berry's, Vernon.

Tea was served by the hostesses, Mrs. Bond and Mrs. Parker.

Mrs. Whittaker, of Lytton, has been visiting at the home of her parents, Mr. and Mrs. J. L. Logie.

Miss Whitford is spending a fortnight's holiday with her family in Cranbrook.

Miss Reed, from the West side of the lake, who has been in Nelson and various valley points during the winter, is at home again on her ranch for the summer. She was a guest of Mrs. Venables several days last week.

Mrs. Earle Megaw and children, of Vernon, are again residents of the Centre for the summer months, having taken the Company's cottage at the southern end of the village.

Mr. Hare, accompanied by his sisters, Miss Caesar and Miss Whitford, motored to Revelstoke on Saturday last for the week-end.

Southern Okanagan cowboys have been making a name for themselves at the Seattle Stampede.

**TWENTY-THREE (23) ACRES,** more or less, 8 acres in 3-year old trees. Varieties: Romes, McIntosh, Delicious; 2 acres in one-year-old Newtowns; approximately five acres more suitable for orchard. ## BUNGALOWS FOR LUCKY PEOPLE

Vancouver Exhibition Association Will Give Two To Ticket Holders

One of the best attractions ever devised by the Vancouver Exhibition Association for the annual exhibition is the giving away of two splendid bungalows now in course of erection at the Exhibition Grounds, Hastings Park. Since the first timber was raised, there have been hundreds of eager investigators inspecting the buildings, and the advance sale of tickets which will be operated in conjunction with the bungalows will receive a boost accordingly.

The houses each contain five rooms, with every modern convenience. They are being built on beams in the grounds and will be open to inspection during the Exhibition, at the close of which they will be moved to specially selected lots near the Park, where they will be permanently completed for the occupancy or other disposal of the lucky winners.

High grade furnishings will be shown in the bungalows during the Exhibition, and these will be sold at very much reduced rates, if desired by the winners.

The advance sale of tickets for the Exhibition is on now, and five tickets can be purchased for \$2.00 or one ticket for fifty cents. They can be ordered by mail, provided remittance to cover is sent with order.

## AMERICAN FLYERS START FOR HAWAII
